10/7/26-Ageism Webinar for secondary
10/10/26-PS/C Agesim Webinar

It's not too late to register for the **AARP curriculum--partnered with HOSA -"Recognizing and Addressing Ageism in Healthcare" webinar.** I will be offering this course **virtually on 10/7/26 from 9-10 and again 1:15-2:15**. Please respond to this weekly update if you would like to register your classroom for 1 or both sessions. Advisors who attend the Fall Leadership Conferences will participate in the Train the Trainer course and will leave the conference able to provide this training to your students and the community before 12/16/26. We will not be able to utilize this curriculum after 12/31/26, unless we impress AARP with our reach and then they will extend the partnership. HOSA has made this into a regional competition! The state and region who trains the most people by 12/16/26 will receive special recognition at ILC! You know I love a competition, so I really want to win! Plus, it's really good material that I believe everyone can benefit from!
